

# New Publication Charge Structure

## New Publication Charge Structure

Publication charge structure of Transactions of the Materials Research Society of Japan will be updated in order to be optimized for web-based publication. Basic publication charges are reduced. The following publication charge structure will be applied to papers submitted on and after July 1, 2018. However, as for IUMRS-ICAM2017 related papers, former page charge structure announce in the IUMRS-ICAM 2017 official website is applied even after the day.

## Merits of the new structure

- Basic publication charges are reduced. Reprints and the printed issue are optional.
- Charges for extra pages are reduced. Publication charges are reasonable even if the paper is rather long.
- Papers of the journal are open access after 6 months from publication. Immediate open access can be chosen optionally at low cost.
- Consumption tax is excluded to be ready for tax rate change. (Papers submitted from outside Japan are exempt from the consumption tax. See below.)

## Consumption Tax

The listed charges do not include Japan Consumption tax. For papers submitted from inside Japan, consumption tax rate of the publication day will be applied. Papers submitted from outside Japan are exempt from the consumption tax.

## PDF file

The publication charge includes the PDF file of the paper. The printed issue and the reprints are optional.

## Reprints and Printed Issues (optional)

Reprints and Printed Issues are optional. Please see below for details.

## Review Papers

Basic publication charge of review papers requested by the editors is free but optional charges have to be paid by the author(s).
